IN PARTIAL FULFILLMENT OF
MASTER OF COMPUTER APPLICATION (SCIENCE)
MIT WORLD PEACE UNIVERSITY

Dr. Vishwanath Karad
MIT WORLD PEACE
UNIVERSITY | PUNE
TECHNOLOGY, RESEARCH, SOCIAL INNOVATION & PARTNERSHIPS

SCHOOL OF COMPUTER SCIENCE

Certificate

This is to certify that, **Madhav Parikh, Bhupender Kumar, Nishant Jain, Trilok Sharma** student of MCA (Computer Science) Trimester II have successfully completed the project in partial fulfilment of M.Sc. Computer Science under MIT World Peace University, for the academic year 2020-2021.

Dr. Anuradha Kanade

Internal Guide

Date: 12/02/2021

ACKNOWLEDGEMENT

We wish to express our gratitude to all the people involved in contributing this project of our web application "**Homeys**". We take this opportunity to thank all who have helped us during the project work.

We would like to thank our college, MIT WPU for providing us the opportunity to work on project and gain experience from the same. We present our heartfelt thanks to **Dr. Anuradha Kanade**, our internal guide for her critical reviews of the project which help us to make this more presentable. His gentle support and direction guided us in all aspects of the project.

Last but not the least we would like to express our sincere thanks to our parents for their precious support and their motivation for completing this project.

DECLARATION

We certify that this assignment/report is our own work, based on our personal study and/or research and that we have acknowledged all material and sources used in its preparation, whether they be books, articles, reports, lecture notes, and any other kind of document, electronic or personal communication. We also certify that this assignment/report has not previously been submitted for assessment in any other unit. We have not copied in part or whole or otherwise plagiarised the work of other students and/or persons.

INTRODUCTION

EXISTING SYSTEM

- If you are new in the city and looking for some accommodations to stay, you will have to explore across the city that surely will take a lot of time!
- The process will start as you will contact the PG owner through an advertisement or through someone's reference.
- You might not have an idea about how many beds are available in a room for booking.
- As a result, it becomes much more difficult for an individual and very time consuming.
- So, to take care of this, we have proposed a system which makes it much easier.

PROBLEM DEFINITION- NEED OF COMPUTERIZATION

The Technology is nowadays modern every Customer has atleast one Mobile or Laptop and everyone wants a simple process for the whole scenario of the PG Booking.

So instead of paperwork and full of hassle work, we focus on a direct online process where Customers can directly browse throughout the website and search a relevant PG suitable to his budget and can request to book a bed in any room easily.

PROPOSED SYSTEM

PROPOSED SYSTEM

- Sole purpose of this Web Application is to provide the Customers/users seamless process throughout the process of PG Booking.
- Customers will have access to all the PGs registered and authorised on the website.
- Customer can simply request for booking a bed in any room suiting his requirements.
- For Booking he/she must have to pay a reasonable token amount.
- After the Owner of the PG accepts/rejects the requests for booking, the same will be reflected in the customer bookings. If rejected, then the token amount paid by the customer will be reflected to his/her bank account within 3 business days.

(i) Administrators:

- a) Admin can manage the users/owners of the website by Activating or Deactivating them.
- b) Admin can view total bookings made on the website.
- c) Admin can view total feedbacks sent on the website.
- d) Admin can manage the PGs registered on the website by Activating or Deactivating them.
- e) Admin can generate reports (User Wise, PG Owner Wise, PG Wise, PG Rooms Wise, Booking and Transaction Wise, Feedback Wise) as well as he can export every report as PDF and Excel sheet.

(ii) Customer/users:

- a)** User will be able to update his profile.
- b)** User can search PGs by using filters like name of pg / location of pg / type of pg.
- c)** The relevant ads will be shown on the first page, he/she can get more details about that PG then he/she can request for booking for a room.
- d)** He/she can also save the PGs he/she likes to his/her favourites, Same will be reflected in My favourites tab.
- e)** He/she can view the location of the PG on the Google Maps.
- f)** After placing the request for booking he/she can view his booking status whether it is Approved, Rejected or Pending.
- g)** He/she will be able to pay the token amount only after the request for booking has been accepted. Same will be reflected in the payment status tab.

(iii) Owner:

- a)** Owner will be able to update his profile.
- b)** Owner can see all the properties listed by him from view all pg tab.
- c)** Owner can Hide the PG, Delete the PG, View/Add/Update the Rooms of a PG.
- d)** Owner can also update the details of the PGs listed by him/her.
- e)** Owner can Add a new PG by providing all the appropriate and relevant information about the PG.
- f)** Owner will be able to Accept / Decline the booking requests made by customers from the pending section. Same will be reflected in the Bookings tab.

OBJECTIVES OF SYSTEM

Our main objective behind this Project (Homeys) is to provide a very seamless process in PG booking with the live availability of the beds available.

- It is been designed to handle some basic problems which a user may face while booking PG.
- This would be a user-friendly platform where user can see every detail regarding the PG and request for booking for the same.
- This platform will turn out to be useful as a user will not have to visit the PG physically to check the availability of the beds.
- This project will be designed and developed using Python flask (venv) and database backend will be SQL Workbench.
- Focus of this project is to provide one stop solution in the process of PG accommodation booking.
- This platform shows every detail regarding the facilities (Ordinary and Special), token amount, live availability of beds, total number of beds, details of PG Owner and many more.

USER REQUIREMENTS

User Interfaces

The set of User Interfaces consists of,

- a) To Login to their accounts after registering.
- b) To Search among the list of available PGs.
- c) To Book a room with a reasonable amount in the form of token.

Hardware Interfaces

Following could be the hardware which can be considerable for our system:

Standard Keyboard, Pointing Device, Display Monitor, Normal Configuration (RAM > 2GB, Graphics integrated, Storage min 256 GB max 500 GB).

Software Interfaces

The following could be the software which can be considerable for our system:

Operating System- Windows (Versions > windows xp).

Frontend :- HTML 5 + CSS + JS + Bootstrap + JQuery + MS Excel.

Backend :- Python flask + No Database Required (Cloud Database).

This Website platform would be securely accessible through internet (wired or wireless).

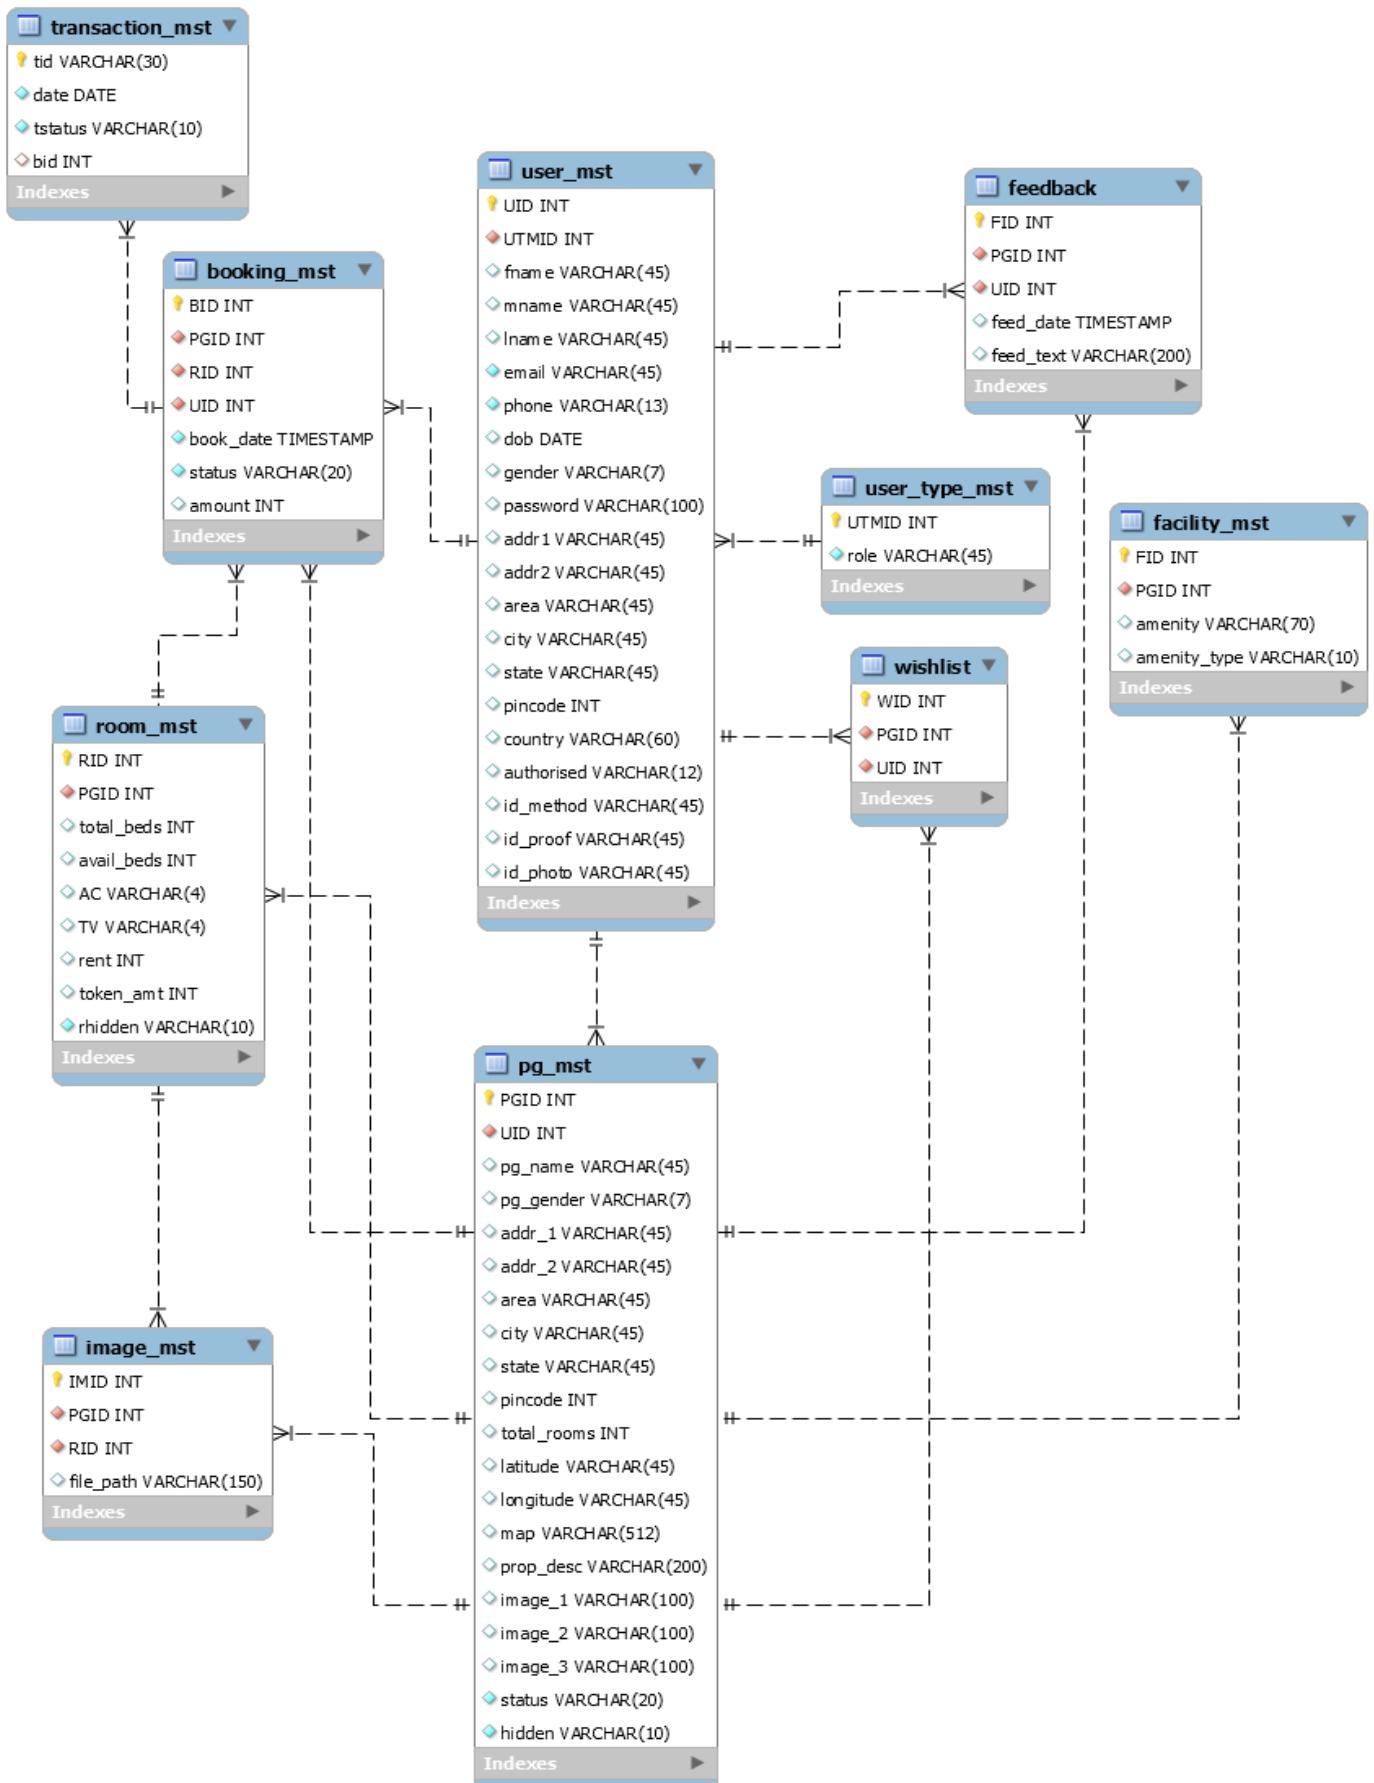

OPERATING ENVIRONMENT – HARDWARE AND SOFTWARE

This software is expected to work in the following atmosphere:

- i) OS:- Windows 7 , 8, 10.
- iii) SQL Workbench.
- iv) Python flask.

ANALYSIS AND DESIGN

ERD

DATA DICTIONARY

user_mst				
Field Name	Data type	Size	Constraint	Description
UID	Int	20	Primary Key	It stores the unique user id
UTMID	Int	20	Foreign Key	It stores the user type master id
fname	Varchar	45	Not Null	It stores the first name
mname	Varchar	45	Not Null	It stores mother name
Iname	Varchar	45	Not Null	It stores the last name
email	Varchar	45	Not Null	It stores the email
phone	Varchar	13	Not Null	It stores the Contact number.
dob	Date		Not Null	It stores DOB
gender	Varchar	7	Not Null	It stores gender
password	Varchar	100	Not Null	It stores password
addr1	Varchar	45	Not Null	It stores address part 1
addr2	Varchar	45	Not Null	It stores address part 2
area	Varchar	45	Not Null	It stores name of the area
city	Varchar	45	Not Null	It stores name of the city
state	Varchar	45	Not Null	It stores the name of state
pincode	Int	7	Not Null	it stores the pin code
country	Varchar	45	Not Null	it stores the country name
authorised	Varchar	45	Not Null	it stores the status of authorized(Yes/No)
id_method	Varchar	45	Not Null	it stores the method of identification used
id_proof	Varchar	45	Not Null	It stores the ID proof location
id_photo	Varchar	45	Not Null	it stores the ID photo location

pg_mst

Field Name	Data type	Size	Constraint	Description
pgid	Int	20	Primary Key	It stores the unique PG id
uid	Int	20	Foreign Key	It stores the user ID
pg_name	Varchar	45	Not Null	it stores the PG name
pg_gender	Varchar	7	Not Null	it stores the type of pg
addr1	Varchar	45	Not Null	it stores the address of the PG
addr2	Varchar	45	Not Null	it stores the address of the PG
area	Varchar	45	Not Null	it stores the area of the PG
city	Varchar	45	Not Null	it stores the city of the PG
state	Varchar	45	Not Null	It stores the state of the PG
pincode	Int	7	Not Null	it stores the pin code
total_rooms	Int	100	Not Null	It stores the total number of rooms
latitude	Varchar	300	Not Null	it stores lattitude of the location of PG
longitude	Varchar	300	Not Null	it stores the longitude of the location of PG
map	Varchar	1000	Not Null	it stores the URL of the location of PG on map
prop_desc	Varchar	200	Not Null	it stores the description of the property listed
image1	Varchar	100	Not Null	It stores the path of the image
image2	Varchar	100	Not Null	it stores the path of the image
image3	Varchar	100	Not Null	it stores the path of the image
status	Varchar	20	Not Null	it stores the status of the PG (activated or deactivated)
hidden	Varchar	10	Not Null	it stores whether the PG is visible or not (yes or No)

user_type_mst

Field Name	Data type	Size	Constraint	Description
UTMID	Integer	20	Primary Key	it stores the unique user type master ID
role	Varchar	45	Not Null	it stores the role of the user(admin or owner or customer)

room_mst				
Field Name	Data type	Size	Constraint	Description
RID	Int	20	Primary Key	it stores the unique room ID
PGID	Int	20	Foreign key	it stores the PG ID
total_beds	Int	20	Not Null	it stores the number of total beds in a room
avail_beds	Int	20	Not Null	It stores the total number of available beds in the room
AC	Varchar	4	Not Null	it is stores the value of AC (0 or 1)
TV	Varchar	4	Not Null	it stores the value of TV (0 or 1)
rent	Int	10	Not Null	it stores the amount of rent
token_amt	Int	10	Not Null	it stores the token amount
rhidden	Varchar	10	Not Null	hey it stores the value of visibility of room (yes or no)

booking_mst				
Field Name	Data type	Size	Constraint	Description
BID	Int	20	Primary Key	It stores the unique booking ID
PGID	Int	20	Foreign key	it stores the pgid
RID	Int	20	Foreign Key	it stores the room id
UID	Int	20	Foreign Key	It stores the user ID
book_date	Timestamp		Not Null	it stores the date of booking
status	Varchar	20	Not Null	It stores the status of booking
amount	Integer	30	Not Null	it stores the amount of booking paid

transaction_mst				
Field Name	Data type	Size	Constraint	Description
Tid	Varchar	30	Primary Key	it stores the unique transaction id
date	Date		Not Null	it stores the date of transaction
tstatus	Varchar	10	Not Null	it stores the status of transaction
bid	Int	20	Not Null	It stores the booking id

image_mst				
Field Name	Data type	Size	Constraint	Description
IMID	Int	20	Primary Key	It stores the unique image id
PGID	Int	20	Foreign Key	It stores the pg id
RID	Int	30	Foreign Key	It stores the room id
file_path	Varchar	150	Not Null	It stores the path of the image

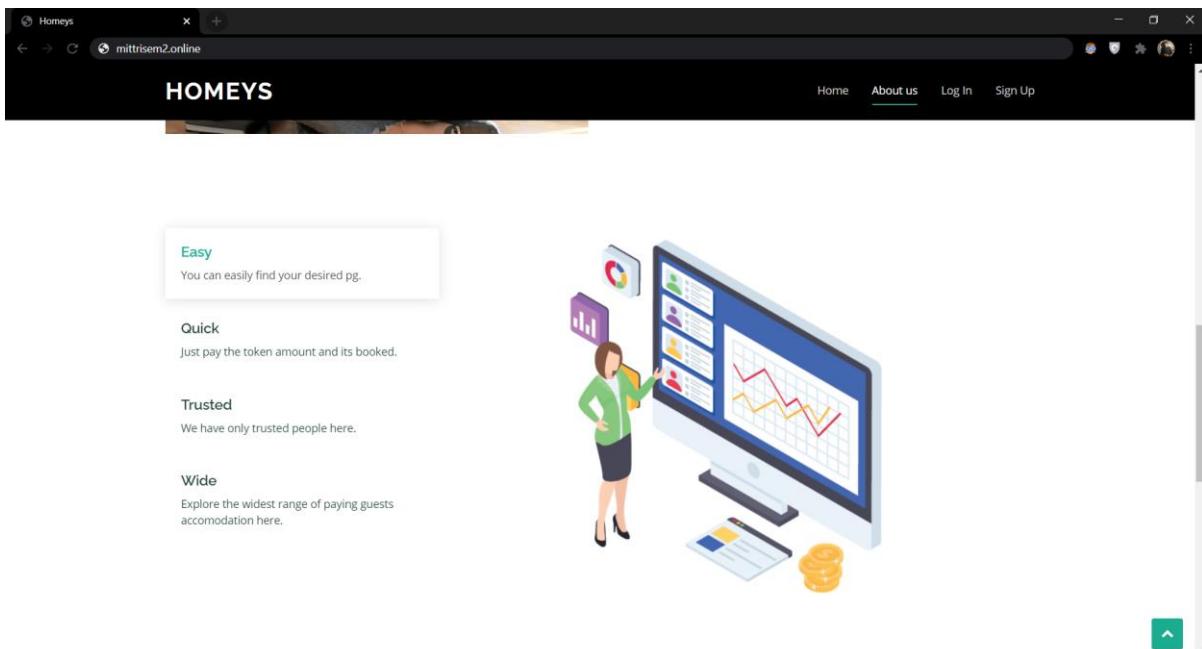

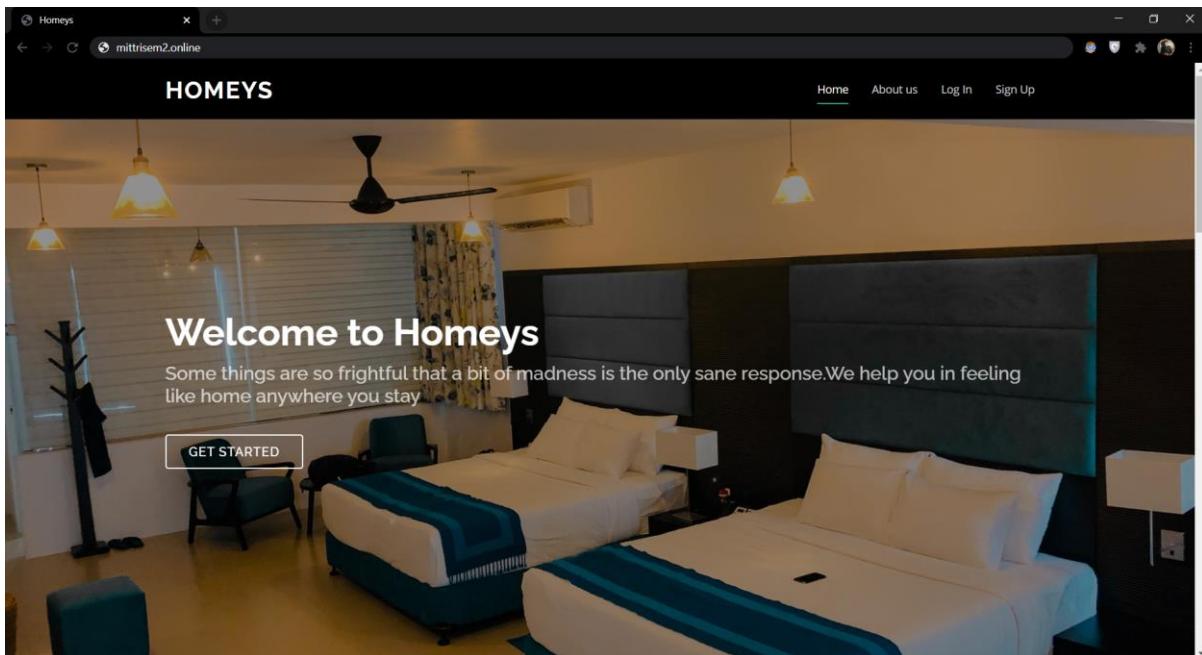

facility_mst				
Field Name	Data type	Size	Constraint	Description
FID	Integer	20	Primary Key	It stores the unique fid
PGID	Integer	20	Foreign Key	It stores the PGID
amenity	Varchar	70	Not Null	It stores the amenities
amenity_type	Varchar	10	Not Null	It stores the amenities type

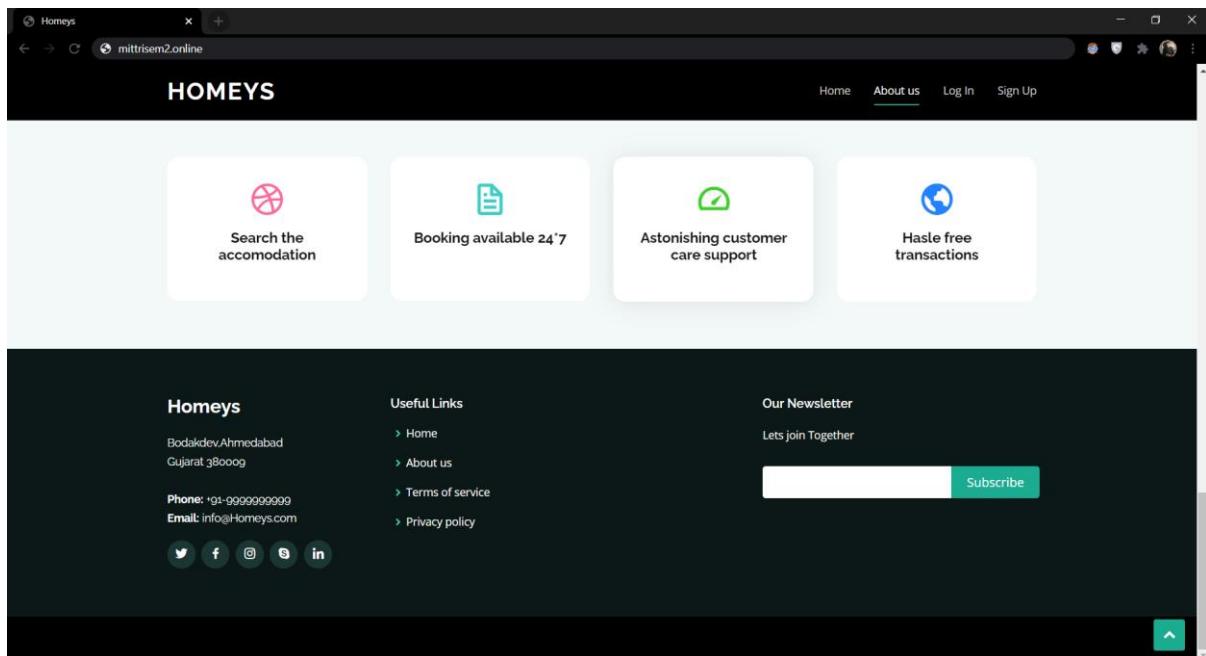

feedback				
Field Name	Data type	Size	Constraint	Description
FID	Integer	20	Primary Key	It stores the unique FID
PGID	Integer	20	Foreign Key	It stores the PGID
UID	Int	20	Foreign Key	It stores the uid
feed_date	Timestamp		Not Null	It stores the feedback date
feed_text	Varchar	200	Not Null	It stores the feedback message

wishlist				
Field Name	Data type	Size	Constraint	Description
WID	Integer	20	Primary Key	It stores the unique WID
PGID	Integer	20	Foreign key	It stores the PGID
UID	Integer	20	Foreign Key	It stores the UID

Screen Layouts

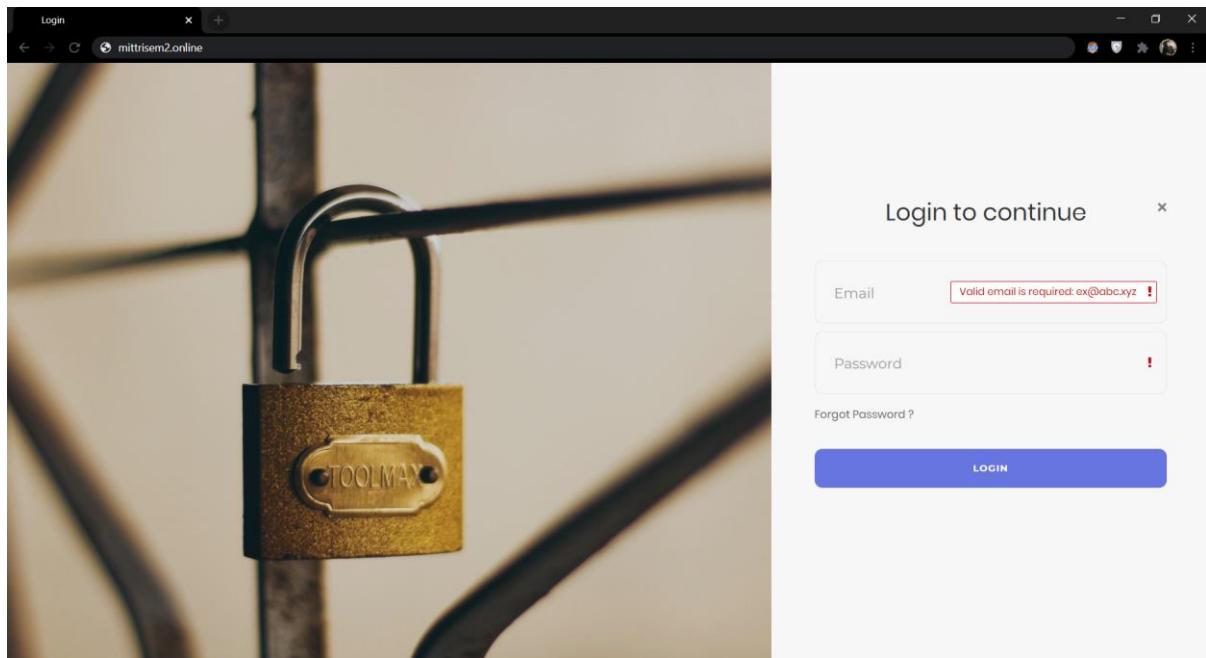

Homepage

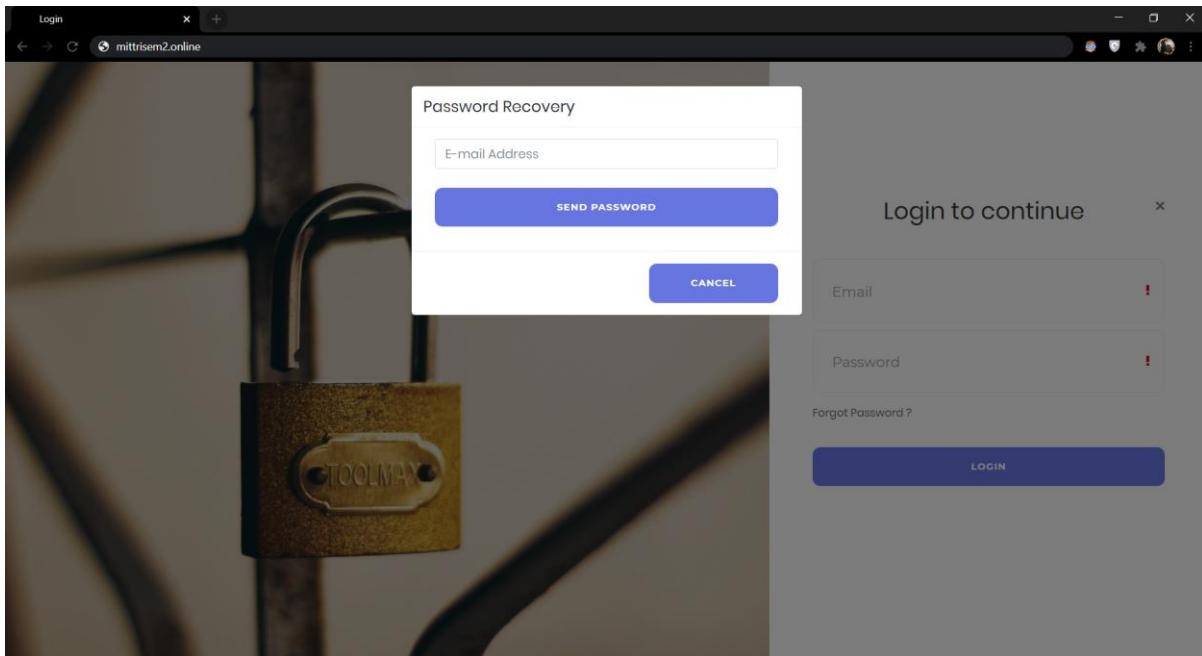

The screenshot shows the homepage of the Homeys website. At the top, there's a navigation bar with links for Home, About us, Log In, and Sign Up. Below the navigation, there are four promotional boxes: "Search the accommodation" (pink icon), "Booking available 24/7" (blue icon), "Astonishing customer care support" (green icon), and "Hasle free transactions" (blue icon). The main content area has a dark background with white text. It features the "Homeys" logo, address (Bodakdev, Ahmedabad, Gujarat, 380009), phone number (+91-9999999999), email (info@homeys.com), and social media links for Twitter, Facebook, Instagram, and LinkedIn. On the right side, there's a "Useful Links" section with links to Home, About us, Terms of service, and Privacy policy, followed by a "Our Newsletter" section with a "Subscribe" button.

Login

The screenshot shows the login page. The background features a large, close-up image of a gold padlock attached to a metal railing. To the right of the image is a login form with the heading "Login to continue". The form includes fields for "Email" (with an error message: "Valid email is required: ex@abc.xyz !") and "Password" (with an error message: "!"). Below the password field is a "Forgot Password ?" link. At the bottom of the form is a blue "LOGIN" button.

Forgot Password

Registration

A screenshot of a web browser showing a registration form. The form is titled "Registration". It includes fields for "First name", "Middle name", "Last name", "Birth Date" (with a dropdown menu showing "Male"), "Phone Number", "Email ID", and "Password". To the right of these fields is a large blue sidebar containing fields for "Address line 1" and "Address line 2", and dropdown menus for "Area", "City", "State", "Pincode", "Country", and "Select Proof". Below these is a file upload field labeled "Choose File" with the message "No file chosen". At the bottom of the sidebar is a white "Submit" button.

PG Owner

Dashboard

The screenshot shows the 'Owner Dashboard' for the 'HOMEYS' platform. On the left, a sidebar menu includes 'Update Profile', 'View All PG', 'Add New PG', and 'Bookings'. The main dashboard displays the following key metrics:

- TOTAL PG REGISTERED:** 2
- TOTAL BOOKINGS:** 2
- APPROVED BOOKINGS:** 50%
- FEEDBACKS:** 10

Below these metrics is a section titled 'Details' containing five progress bars:

Task	Progress (%)
Server Migration	20%
Sales Tracking	40%
Customer Database	60%
Payout Details	80%
Account Setup	Complete!

Update Profile

The screenshot shows the 'Update Profile' page. The sidebar menu on the left includes 'Update Profile' (which is currently active), 'View All PG', 'Add New PG', and 'Bookings'. The main form fields are as follows:

First Name	Middle Name	Last Name
Madhav	Nita	Parikh

Below this are fields for Email (parikh.madhav1999@gmail.com) and Password (*****). There are also fields for Phone (9998256749), DOB (03-11-1999), and Gender (Male). The Address section contains two lines: 'F101 Surel apartment' and 'Nr mocha cafe'. At the bottom, there are dropdown menus for Area (Navrangpura), City (Ahmedabad City), State (Gujarat), and Pincode (380054). At the very bottom are 'Reset' and 'Submit' buttons.

Update Profile

The screenshot shows the 'Update Profile' page of the HOMEYS website. The left sidebar has a dark theme with white text and icons. It includes links for 'Search PG', 'Update Profile' (which is highlighted in blue), 'My Favourites', 'Booking status', and 'Payment status'. The main content area has a light background. At the top, it says 'Update Profile'. Below that are input fields for personal information: First Name (Trilok), Middle Name (None), Last Name (Sharma), Email (strilok4031@gmail.com), Password (*****), Phone (9998747456), DOB (15-12-1999), Gender (Male), Address (B-506 Omkar nagar), Address 2 (B/h ONGC Park), Area (tarsali), City (Ahmedabad), State (Gujarat), and Pincode (380056). At the bottom are 'Reset' and 'Submit' buttons.

My Favourites

The screenshot shows the 'My Favourites' page. The left sidebar is identical to the 'Update Profile' page. The main content area shows two favorite listings: 'Antara Paying Guest' and 'Royal Paying Guest'. Each listing includes a thumbnail, the name, the location (Bodakdev and Navrangpura respectively), the total number of rooms (3 and 4), and 'Delete' and 'View PG' buttons. A red circle highlights the 'View PG' button for the 'Antara Paying Guest' entry.

Booking status

The screenshot shows the 'Booking status' section of the HOMEYS website. At the top, there are three buttons: 'Pending' (orange), 'Approved' (green, circled in red), and 'Declined' (red). Below the buttons, a table titled 'Royal Paying Guest' lists a booking for 'Boys Pg'. The table columns are: Owner name, Phone no, Date, Area, City, Amount, and Status. The data row shows: Madhav Parikh, 9998256749, 2021-02-14 15:47:59, Navrangpura, Ahmedabad City, 300, Declined.

Owner name	Phone no	Date	Area	City	Amount	Status
Madhav Parikh	9998256749	2021-02-14 15:47:59	Navrangpura	Ahmedabad City	300	Declined

This screenshot is identical to the one above, showing the 'Booking status' section of the HOMEYS website. The 'Approved' button is highlighted with a red circle. Below the buttons, a table titled 'Royal Paying Guest' lists a booking for 'Boys Pg'. The table columns are: Owner name, Phone no, Date, Area, City, Amount, and Status. The data row shows: Madhav Parikh, 9998256749, 2021-02-05 07:10:29, Navrangpura, Ahmedabad City, 2700, Declined. A green 'Confirm' button is visible at the bottom right of the table area, which is also circled in red.

Owner name	Phone no	Date	Area	City	Amount	Status
Madhav Parikh	9998256749	2021-02-05 07:10:29	Navrangpura	Ahmedabad City	2700	Declined

Go Back

Payment status

The screenshot shows a web interface for managing payment status. On the left, a sidebar menu includes 'Search PG', 'Update Profile', 'My Favourites', 'Booking status', and 'Payment status' (which is highlighted in blue). The main content area displays three separate tables, each titled 'Royal Paying Guest' and 'Boys Pg'. Each table has columns: Transaction Id, Owner name, Phone, Area, City, Payment Date, and Status. The first two entries show a transaction ID of '3umXJL9j' and 'fn9k031y' respectively, both belonging to 'Madhav Parikh' with phone number '9998256749', located in 'Navrangpura', 'Ahmedabad City', dated '2021-02-16', and marked as 'Success'. The third entry shows a transaction ID of 'nNx1VzI5' for the same owner and location, also dated '2021-02-16' and marked as 'Success'.

Admin

Dashboard

The screenshot shows the Admin Dashboard. The sidebar on the left includes 'Admin Dashboard' (highlighted in blue), 'Pg Owners', 'Users', 'Pg details', and 'Generate Reports'. The main dashboard features a title 'Admin Dashboard' and a 'Generate Report' button. It displays four key metrics: 'TOTAL OWNERS REGISTERED' (1), 'TOTAL CUSTOMERS REGISTERED' (2), 'TOTAL BOOKINGS MADE' (50%), and 'TOTAL FEEDBACKS' (18). Below these are five progress bars under the heading 'Projects': 'Server Migration' at 20%, 'Sales Tracking' at 40%, 'Customer Database' at 60%, 'Payout Details' at 80%, and 'Account Setup' at 'Complete!'. A small note indicates '2021-02-16'.

PG Owners

This screenshot shows the 'PG Owners' section of the HOMEYS application. The left sidebar has a purple header for 'Pg Owners'. The main area displays a table of user details:

Name	Email	Gender	DOB	Pan No	Status
Madhav	parikh.madhav1999@gmail.com	Male	1999-11-03	evqpk2130p	Activated
raj	rajshah65@gmail.com	Male	1970-04-17	yuht6789o	Activated
Bhupender	bhupenderkumarcr7@gmail.com	Male	1999-08-12	fhshf3424f	Activated

The 'Activated' button for the 'raj' row is circled in red.

This screenshot shows the same 'PG Owners' section after an action was taken. The 'Activated' button for the 'raj' row is now highlighted in red, indicating it has been deactivated.

Name	Email	Gender	DOB	Pan No	Status
Madhav	parikh.madhav1999@gmail.com	Male	1999-11-03	evqpk2130p	Activated
raj	rajshah65@gmail.com	Male	1970-04-17	yuht6789o	Deactivated
Bhupender	bhupenderkumarcr7@gmail.com	Male	1999-08-12	fhshf3424f	Activated

Users

The screenshot shows the 'Admin Dashboard' of the HOMEYS application. On the left sidebar, under the 'Users' section, the 'Users' option is selected. The main content area displays a table of user details:

Name	Email	Gender	DOB	Pan No	Status
Trilok	strilok4031@gmail.com	Male	1999-12-15	qewx1245p	Activated
Nishant	nishant.nj4@gmail.com	Male	2000-02-27	bdqre9430j	Activated

A red circle highlights the 'Activated' button for the user Nishant.

The screenshot shows the 'Admin Dashboard' of the HOMEYS application. The sidebar and table structure are identical to the previous screenshot, but the status for Nishant has changed to 'Deactivated'.

Name	Email	Gender	DOB	Pan No	Status
Trilok	strilok4031@gmail.com	Male	1999-12-15	qewx1245p	Activated
Nishant	nishant.nj4@gmail.com	Male	2000-02-27	bdqre9430j	Deactivated

PG Details

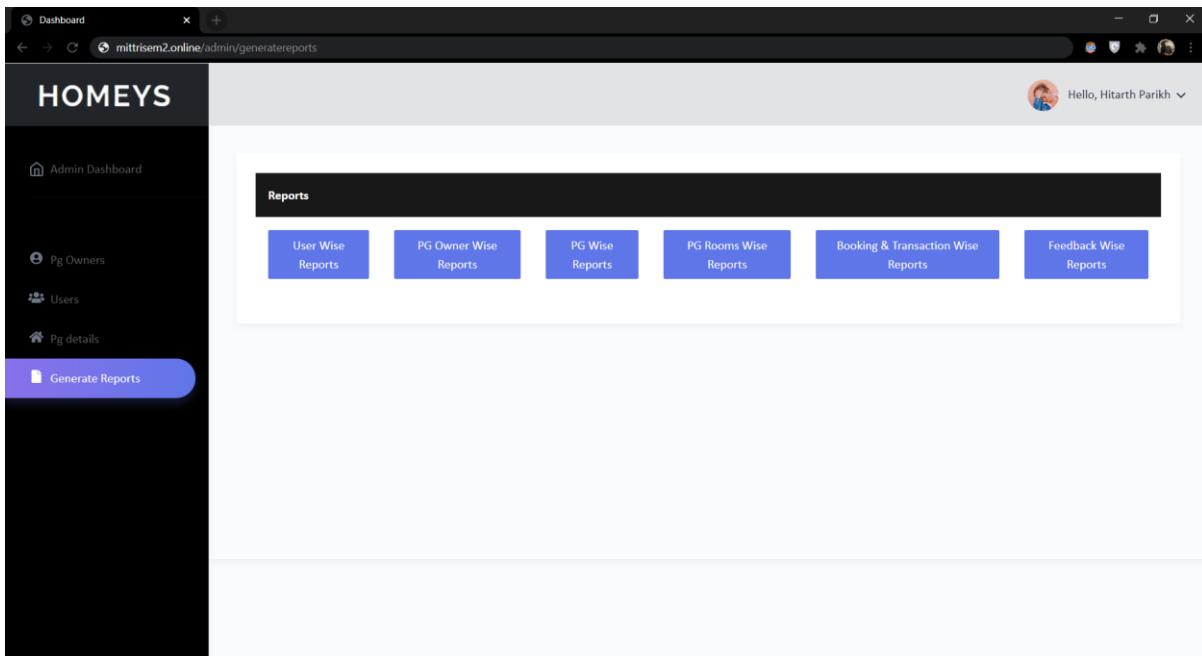

The screenshot shows a list of guest houses (PGs) with the following details:

Pg name	Owner	Type	Area	City	Status
Royal Paying Guest	Madhav Parikh	Boys	Navrangpura	Ahmedabad City	Activated
Antara Paying Guest	raj shah	Girls	Bodakdev	Ahmedabad City	Activated
Sanskars Paying Guest	Madhav Parikh	Boys	Navrangpura	Ahmedabad City	Activated
Aavas Paying Guest	raj shah	Girls	Ellisbridge	Ahmedabad City	Activated
Sunny's Paying Guest	Bhupender Kumar	Boys	Navrangpura	Ahmedabad City	Activated

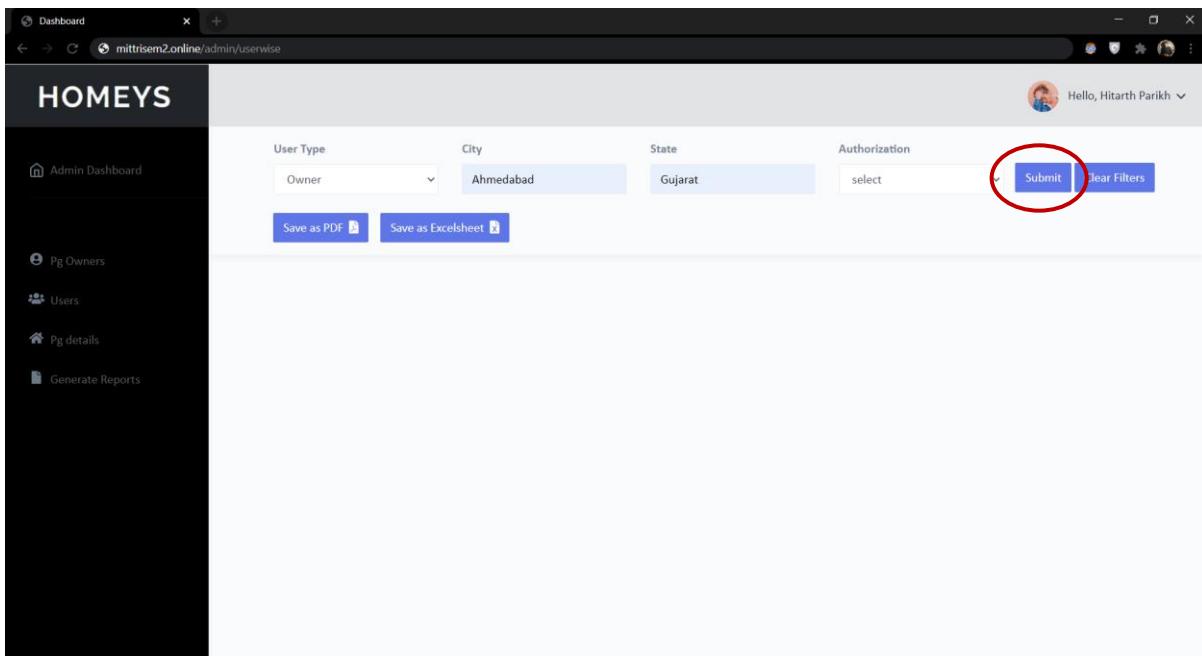

The screenshot shows the same list of guest houses, but the entry for "Aavas Paying Guest" has been deactivated, indicated by a red circle around the "Deactivated" button.

Pg name	Owner	Type	Area	City	Status
Royal Paying Guest	Madhav Parikh	Boys	Navrangpura	Ahmedabad City	Activated
Antara Paying Guest	raj shah	Girls	Bodakdev	Ahmedabad City	Activated
Sanskars Paying Guest	Madhav Parikh	Boys	Navrangpura	Ahmedabad City	Activated
Aavas Paying Guest	raj shah	Girls	Ellisbridge	Ahmedabad City	Deactivated
Sunny's Paying Guest	Bhupender Kumar	Boys	Navrangpura	Ahmedabad City	Activated

The screenshot shows the Admin Dashboard for HOMEYS. On the left sidebar, there are links for Admin Dashboard, Pg Owners, Users, Pg details, and Generate Reports. The main content area is titled 'Userwise' and contains a search bar with dropdowns for User Type, City, State, and Authorization, along with buttons for 'Submit' and 'Clear Filters'. Below the search bar is a blue button labeled 'Save as PDF' and a blue button labeled 'Save as Excelsheet' with a file icon, which is circled in red. A table displays user information with columns: User Id, Fullname, Email, Phone, Gender, DOB, Authorization, and Address. Two rows of data are shown:

User Id	Fullname	Email	Phone	Gender	DOB	Authorization	Address
1	Madhav Parikh	parikh.madhav1999@gmail.com	9998256749	Male	1999-11-03	Activated	F101 Surel apartment, Nr mocha cafe , Navrangpura, Ahmedabad City (Gujarat)
4	raj shah	rajshah65@gmail.com	7845210036	Male	1970-04-17	Activated	f-12, manik society, near petrol pump, thaltej, Ahmedabad (Gujarat)

This screenshot is identical to the one above, showing the Admin Dashboard and Userwise section. The 'Save as Excelsheet' button is highlighted with a red circle. In the bottom left corner of the dashboard area, there is a download link labeled 'download.xls' with a file icon, also circled in red. The rest of the interface and data table are the same as the first screenshot.

PG Owner Wise Reports

The screenshot shows the Admin Dashboard of the HOMEYS application. On the left sidebar, there are links for Admin Dashboard, Pg Owners, Users, Pg details, and Generate Reports. The main content area has three filter fields: Date Of Birth (1995-02-08), Authorization (Activated), and Gender (Male). Below the filters are two buttons: 'Save as PDF' and 'Save as Excelsheet'. At the bottom right of the content area is a red circle around the 'Submit' button.

The screenshot shows the Admin Dashboard displaying a list of PG Owners. The table has columns: User Id, Fullname, Email, Phone, Gender, DOB, Authorization, Address, Pincode, and ID Method & Proof. Three rows of data are shown:

User Id	Fullname	Email	Phone	Gender	DOB	Authorization	Address	Pincode	ID Method & Proof
1	Madhav Parikh	parikh.madhav1999@gmail.com	9998256749	Male	1999-11-03	Activated	F101 Surel apartment Nr mocha cafe, Navrangpura, Ahmedabad City (Gujarat)	380054	ID - (PAN) Proof - (evqpk2130p)

CONCLUSION

Limitations & Drawbacks

- We are collecting the Customers details manually on our platform.
- All the PGs in a particular area might not be listed on this platform.
- Requires an active internet connection throughout the process.

Future Enhancements

We will try to automatize the functionality of our website using API so that the user doesn't have to do majority of the work manually by creating a very flawless process for booking and locating the PG.

Conclusion

This platform will ease the process of booking PG Accomodation. The website is authorized and will never redirect you to some unwanted page, every PG is authentic and registered by his/her owner and verified from Admin.
